### The Combination Vault/Monument Handler

has the same standard features as the Monument Handler with the following exceptions.....

- 5" I-Beam (pull out)
- 2 Slide Out Hydraulic Legs
- Top Seal Carriers
- Deck Plate to Hook @ 53"
- Option of Hydraulic Powered Boom and Rollback unavailable on this model

Note: both handlers can carry vaults and monuments. The main difference between them is one has a fixed beam and the other has a pull-out beam, (which also has cross bars to secure monuments).
